Manitoba Potato Production Days
combines current
information and technology
into a premier conference
and trade show!

FACILITIES:

For MPPD the trade show is located in the
Manitoba Room and the UCT Pavilion with
presentations held in the "new" City Square of
the Keystone Centre.

31-1175
18th Street

Meals are served in the UCT Pavilion.

For added convenience
the Canad Inns, Brandon is attached
providing climate controlled access
between the two facilities.

KEYNOTE

Jed Colquhoun

Is Sustainability Sustainable

Jed Colquhoun is a Professor of commercial fruit and vegetable production at the University of Wisconsin-Madison. Jed's work is centered at the crossroads of productive agricultural systems and resilient natural resources, leading the development of novel production footprint metrics for over two dozen agricultural systems. He received his B.S. and M.S. degrees from Cornell University and his Ph.D. from UW-Madison. Prior to returning to UW-Madison, he was a faculty member at Oregon State University.

FREE FRIES

THURSDAY LUNCHEON

Greg Peterson

The Peterson Farm Bros are made up of Greg (26), Nathan (23), Kendal (21), and honorary "bro" Laura (17) Peterson. We are siblings who farm together with our parents near Assaria, KS. We produce entertaining and educational videos on our YouTube channel and post continuous farming and video updates to our social media pages (Facebook, Twitter, and Instagram). Ever since we began producing content, we have continued to realize a need to inform people about what we do in farming and in agriculture as a whole. Through all of this we hope to educate the general public on where their food comes from and what a real Midwest family farm looks like!
